By W. A. HARRIMAN, *Administrative Officer.*

Approval recommended:

JOHN W. UPP,
Acting Division Administrator.

WASHINGTON, D. C.,
February 25, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,

The White House.

SIR: An application has been duly made, pursuant to and in full compliance with the provisions of the National Industrial Recovery Act, by the Supplemental Code Authority for the Job Galvanizing Metal Coating Industry for an amendment to the Supplementary Code of Fair Competition for the Job Galvanizing Metal Coating Industry, approved May 17, 1934, a Division of the Fabricated Metal Products Manufacturing and Metal Finishing and Metal Coating Industry.

The purpose and effect of this amendment is to require members of the industry to sell in accordance with filed prices. Heretofore they have been filing maximum discounts, which created a minimum price and permitted them to sell at any price in excess of the filed price. This amendment is in conformity with the present policy of the National Recovery Administration.

The Deputy Administrator in his final report to me on said amendment to said Supplementary Code having found as herein set forth and on the basis of all the proceedings in this matter,

I find that:

(a) The amendment to said Supplementary Code and the Supplementary Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Supplementary Code as amended complies in all respects with the pertinent provision of said Title of said Act, including without limitation sub-section (a) of Section 3, sub-section (a) of Section 7 and sub-section (b) of Section 10 thereof.

(c) The Supplementary Code empowers the Supplementary Code Authority to present the aforesaid amendment on behalf of the industry as a whole.

(d) The amendment and the Supplementary Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Supplementary Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For the foregoing reasons this amendment to the Supplementary Code of Fair Competition for the Job Galvanizing Metal Coating Industry has been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

FEBRUARY 25, 1935.
